

We hope everyone is staying safe. Our community means so much to us and many of those we are serving are especially at risk from exposure to COVID-19. We would like to provide you with an update of meal support and phone reassurance services in our 14 county service area. This is being partially funded through the Central MN Council on Aging's Older Americans Act funding.

Please also call Senior LinkAge at 1-800-333-2433 to locate community resources and supports!

Telephone Reassurance – Do you know an older adult who may be isolated during COVID-19?
